More: [Adele \(/article-tag/adele\)](/article-tag/adele), [Frank Ocean \(/article-tag/frank-ocean\)](/article-tag/frank-ocean), [jimmy fallon \(/article-tag/jimmy-fallon\)](/article-tag/jimmy-fallon), [rihanna \(/article-tag/rihanna\)](/article-tag/rihanna), [the tonight show with jimmy fallon \(/article-tag/the-tonight-show-with-jimmy-fallon\)](/article-tag/the-tonight-show-with-jimmy-fallon)

It'd be pretty hard to argue that [Adele \(http://www.pixable.com/article-tag/adele\)](http://www.pixable.com/article-tag/adele) isn't crushing it these days — she just [sold 2.3 million albums in three damn days \(http://www.pixable.com/article/adele-album-sales-25-53471\)](http://www.pixable.com/article/adele-album-sales-25-53471) when nobody buys music anymore, and her comeback to the music scene is the most exciting thing to happen in a long time.

It seems like she's good at literally everything, but Jimmy Fallon just showed us the one thing that Adele is really, really bad at: lying.

She appeared on "The Tonight Show" last night to promote her new album, and she and Jimmy played an innocent game of "Box of Lies." She just couldn't lie to save her life, and it was hilarious to watch.

She also sat down with Jimmy to discuss life in the spotlight, and Jimmy said what we were all thinking: we really miss Adele when she's gone. It's great that she takes time for herself and her family, but girl, we miss you too much. Never leave us again.

Adele also said she's really excited for new Rihanna music, and also would love to see some from Frank Ocean. Girl speaks the truth... sometimes.
