PRODUCT: Clinique Colour Surge Eye Shadow Quad

If you're looking for a perfect combination of shades that work alone or in tandem, [Clinique Colour Surge Eye Shadow Quad](#) is just the ticket. I have the Pink Chocolate color palette and love the way these shades look both together and separately. The highlight color works great when swept over the light brown shade, and I absolutely adore the pink sparkly shade blended with the other shadows or on its own. I like that the shadows are matte, meaning they stick well onto skin and are not easily worn off.

The colors are neutral enough that you can wear them during the day and not feel too "done up" yet, with a heavier application, they can look gorgeous as a smoky eye done right at nighttime.

So no longer fear dreaded raccoon eyes... the **Clinique Colour Surge Eye Shadow Quad** is great to add deep color to your peepers without making an overstatement.

The **Clinique Colour Surge Eye Shadow Quad** can be purchased at Sephora stores and online at sephora.com for \$25.50.
