It's Friday, it's been a long week — we're all tired. There is no shame in admitting that you're secretly most excited to reunite with your bed tonight, and to even believe that your pillow let out a soft whimper as you hastily crept away from it this morning. Your bed is cozy and sleep is glorious. It's just the truth.

[Jennifer Lawrence \(http://www.pixable.com/article-tag/jennifer-lawrence\)](http://www.pixable.com/article-tag/jennifer-lawrence) may be the biggest movie star on the planet, but even she admits that her worldwide press tour has made her full-on exhausted, bordering on distressed. She and her "Hunger Games" costars have traveled to Berlin, London, Paris, Los Angeles and New York, among other cities, and girl is wiped (can you blame her?!) — she admitted to Conan O'Brien last night: "They pushed this show pony too far."

Jennifer said: “The best night of sleep on the whole tour I got was on the plane, and it was about 12 hours,” and revealed that she was so excited to sleep, she dislocated her toe. Ouch!

Girl, we're all excited for the movie — but you need to get some rest! It's easy to forget that J. Law is only 25, and she desperately needs to catch some z's. You have our full permission!
